

Le Régulateur Louis Erard x Konstantin Chaykin III Red и Louis Erard x Konstantin Chaykin Time Eater Tourbillon Blue

The Regulator Monster is back on the loose... And this time, it's double trouble for summer – meet two hot new editions of the legendary Time Eater, including the very first one with a tourbillon!

Since early 2023, the creative duo of two well-known independent watchmakers, Louis Erard and Konstantin Chaikin, has spawned no fewer than six versions of the one-eyed WristMonster.

The latest Time Eaters available exclusively at Konstantin Chaykin's flagship boutique in GUM, Moscow, stand out with their signature color codes: a red minutes ring for the Regulator and a blue one for the Tourbillon. The stainless steel cases measure 39 mm and 42 mm, respectively.

Both versions share a distinctive dial design that fuses Louis Erard's vertical regulator display with Konstantin Chaykin's unmistakable WristMonster face.

The signature regulator features a hypnotic mono-eye hour indicator at 12 o'clock, a toothy rotating mouth for small second at 6 o'clock (or a small second's hand mounted on the tourbillon cage), and a rebellious central minute's hand. The crown is signed with Konstantin Chaykin's emblem – because every WristMonster needs the mark of its creator.
